

Kneisel Hall Chamber Music Festival New Dorm Project Blue Hill, Maine

Internationally known as one of the best chamber music summer schools, Kneisel Hall Chamber Music Festival was in need of a new dorm to house 26 post-graduate students from around the world. G.L. Frost Architecture was contacted and began work with the committee to create a building to fulfill the needs of this unique campus.

Nestled into this wooded site the building is designed to blend with existing campus structures, this cottage style construction includes dorm rooms, councilor suites, full bathroom facilities, common room and porch. The building complies with the American's with Disabilities Act.
